Merchants' Parade. Major Clarkson left on Saturday for the national encampment G. A. R., at Milwaukee. He will return on Saturday next. He will then receive reports from the assistant marshals of the great drammers' and mer-chants' parade. There are forty-two mar-shals, all of whom the major claims are working with enthusiasm. Major Clarkson holds that the parade will be the finest which has ever been held in this part of the coun-try.

Hugh Murphy has a contract for laying 40, 000 feet of stone paving on Pine street. Up to date, he has laid but 1,200 and if he should

hereafter lay 600 feet per day it would take him about 70 days to complete his contract, but his men are all laid off awaiting stone from his quarry, and it is not probable that he will complete his contract this season. Chairman Balcombe severely arraigned Mr. Murphy at a recent meeting between the two for his negligence.

HELD FOR LARGENY. An Iowa Youth Accused of Stealing

Saloonkeeper's Roll. Berton Love, a verdant looking youth from Iowa, was arrested yesterday charged with grand larceny. The complaining wit-

nesses are Graves & Miller, who keep a saloon near the fair grounds. They state that Love has been boarding at their place for the last three weeks. Last night about 9 o'clock he came to the house and went up to his room. About half an nour afterwards some one was heard in the lower part of the house. The landlady went to the goor to see who it was, and saw Love just leaving the house with his satchel. As soon as Love saw her he started and ran until he was out of sight. Mr. Miller, one of the proprietors of the saloon, had hidden a roll containing \$105 under the bar on Saturday night, and his suspicions were aroused by the man's strange actions. He at once went to see if his hidden treasure was safe, but, like old Mother Hubbard, "when he got there the cupboard was bare." He sallied forth to the ce court yesterday morning and filed an

information against Love.

Love stated yesterday that he went to the house Sunday night to get his clothes, as he was going to change boarding houses. He has been working at Swift's ice house for about a week and concluded to move further down town. He remained at the house about half an hour and then left. He says he knows nothing about the money, but only went after his clothes and took nothing else. information against Love. went after his clothes and took nothing else. After leaving the house he started down town, but being weary he went into an unfinished house and slept there all night.

AMONG THE RAILROADS.

The C. B. & N.'s Back Down and How It Came About-Notes. General Manager Burt, Assistant Freight Agent Cassidy, of the Eikhorn, General Freght Agent Milier of the B. & M. and Division Agent Warrack, of the Union Pa-

left yesterday for Chicago, where they will attend a meeting of the Trans-Missouri Freight association to-day. At this meeting the Chicago, Burlington & Northern will formally announce a withdrawal of the recent 75 per cent cut in rates. The recent decision of Judge Cooley, of the inter-State Commerce commission is what prompted this action. A well known railroad official, who was in attendance at the meeting in Chicago when the Burlington announced the cut and the St. Paul & Kansas City gave it out that they would

meet it says:
"We, of the Missouri river lines were sick at heart because when the St. Paul & Kansas City made their declaration we saw nothing but ruin staring us in the face. We did not want to cut rates. Chairman Faithorn pondered a few moments and remarked, 'Gentlemen, I think your action is illegal. I

will consult Judge Cooley."

"He retired and in five minutes returned with the judge's decision. It came like a thunderbolt and fairly paralyzed the people who wasted to cut the rates. They sat still for about a minute and finally one moved to allow the moved to waste out the rates. adjourn. The motion was carried."
"The reason that prompted the Burlington

& Northern to cut rates is apparent. The lake lines and the Canadian Pacific are ruining its business which is all through traffic. The eastern lines send by rail to Buffalo and thence by water. In consequence the Burl-ington from Chicago to St. Paul is shut out. All merchandise goes to Duluth. Notwith-standing that the eastern lines once declared to pro rate, the Chicago, Burlington & Northern now has agents in the east trying to make such an arrangement. But it won't work. The eastern roads and the Canadian Pacificare hauling freight for a song, and the Burlington & Northern with no intermediate traffic is in a bad fix. The road has played the part of the cat to the St. Paul & Omaha's monkey and got its fingers burned, and what they can or will do is a problem. I think they will be forced out of business. They are trying to make an arrangement with the Milwaukee & St. Paul, but that road is now going back on them. Cooley is watching them closely and all the little schemes they put up will be frustrated. At the meeting to-morrow they will withdraw their rate and again fight against a rumous disastrous

They Cut the Rate.

The passenger department of the Union Pacific is in a peck of trouble over G A. R. rates to Milwaukee. The rate from Denver was fixed at \$32.65 but the Union Pacific sold at \$82.15, a cut of 50 cents. In consequence the other roads are making a mighty war and are contending that the Union Pacific for each ticket so sold must forfeit \$100 to the "gentlemen's agreement" association.

The Union Parific, however, sets up the claim that the first rate advertised was \$32.15 and that under the law they could not raise the price without ten days' notice, hence their action. The matter will be laid before the interstate association for adjustication.

Railroad Notes.

The passenger department of the Union Pacific has issued a handsome illuminated circular giving the dates of every fair held in Nebraska this fail. The first page is devoted to the Omaha merchants' week celebration. Assistant General Manager Dickinson, of

the Union Pacific, has returned from Chi-Car-Accountant Buckingham, of the Union Pacific, who has been in Denver chasing the frisky box car, has returned.

David Lee, superintendent of construction of the Baltimore & Ohio, accompanied by his wife and daughter, passed through Omaha in a special car going eastward. They have been spending a few weeks in the west. Mr. Lee is the father of Assistant General Pas-senger Agent Lee of the Union Pacific. The Wabash office in this city is in receipt of a circular announcing that in future sisters of charity will be given half rates over all the lines of the road, the same as members of the clergy.

The Missouri Pacific announces that, from September 10 a rate of one fare for the round trip for points in Arkansas, Texas, Kansas and Nebraska will be given from each of the states mentioned to the other. Tickets will be good for thirty days.

"No. I'm not." replied the gentleman. Why should I! It's no affair of mine?" "I supposed you wer o," repeated Anderthecause if he wins none of you will be compelled to turn any fees over to the

After having this conversation told to him by a friend who had overheard it, Coburn said: "You can just bet your jottom dollar I'm going to win." There are no new developments in the investigation. It will be resumed this morning. County Attorney Mahoney gave an opinion on the matters under dispute last

spring, which he has not as yet been con-vinced should be changed. That opinion was more favorable to the sheriff than it was to the commissioners.

There seems to be a prevailing belief that the matter must be taken into court before it is finally settled.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. We know of no remedy for dyspepsia nore successful than Hood's Sarsaparilla. It acts gently, yet surely and efficiently, tones the stomach and other organs, removes the faint feeling, creates a good appetite, cures headache, and refreshes the burdened mind. Give Hood's Sarsaparilla a fair trial. It will do you good.

BRAVE KNIGHTS,

The Founder of the Order of Knights of Pyth as Will Lecture Them. The Knights of Pythias of this city have arranged for a big time on next Wednesday evening, when Mr. J. A. Rathbone, founder of the order will deliver a free lecture to the members and their ladies at the hall of Ne-

braska Lodge No. 1, Central hall, Fourteenth street between Douglas and Dodge. There one thousand three hundred knights in the city of Omaha, and an effort is being made among them to give Mr. Rathbone such a reception as he never before received. A very prominent feature of the recep-tion will be the attendance of the ladies, who are expected to be there in great number. Married members are especially urged to take their wives, and unmarried members are expected to escort their best girls. The evening will be most prefitably spent.

Western Casket Company Failure In the Sunday issue of this paper appeared an account of the failure of the Western Casket company. Mr. Lewis Reed says that he nover had

anything to do with raising subscriptions

from the business men of Omaha for this company, but did like a hundred others, sign his name to the list when presented and paid the same when asked for. It is also learned that they never received a bonus of \$6,500, the subscription list being only \$1,500. Mr. Andrew F. Ross and E. W. Dickson did not tecome stockholders till last January, having been in the concern only twenty-eight days at the time of the failure. Mr. Pettis says he is not a brother-in-law of Mr. Woodrow and that that gentleman never induced him to take stock in the com-pany. Mr. Woodrow is not manager of the Bradstreet agency and states that he never had anything to do with selling stock for

this company, but believed, as others still do, that with good financial management the business may be made a profitable one.

The Omaha National bank say they have never had a chattel mortgage on the plant until within four days, the same being filed on Saturday morning last, hence the company has not had the privilege (were it even possible after giving such a mortgage) to purchase as large a stock of goods as repre A mortgage on the real estate of this com-pany for \$5,500 and a chattel mortgage for

\$14,500 on the stock, fixtures, accounts, etc., both in favor of the Omuha National bank, were filed yesterday, and in addition numer ous attachments have been placed, so that the assets of the company are fully covered. Mr. Bell, manager of Dun's agency, in conversation with a BEE man in reference to the failure, said:

"In view of the fact that there has been some discussion in commercial and banking circles as to how a company organized and floated as this one has been should have suc-ceeded in securing so liberal a credit, it is deemed just to all parties interested to say that Bradstreet & Co., in their published reference book for July, 1889, rate the Westtern Casket Company as having \$38,500 (captital paid in), and in fair credit, and Dun & Co. rate them blank, and Dun's special reports advise caution in all deals with them, and especially as to purchases of the stock of the company."

Walnut Hill Motor Service. Said a well-known citizen: "There is an amusing contradiction in the reports regarding the impediments in the motor cars reaching Walnut Hill. One story is that unless the grade at Twenty-sixth and Burt streets is reduced the motor company will in

the winter be obliged to abandon its service west of Thirty-sixth. "Last night's paper state 1 that the motor would not be likely to run north on Lowe avenue unless the change of grade on that thoroughfare which was asked for should be

"These two propositions amount to this: We cannot run past Twenty-sixth because of the steep grade, and we cannot run north on Lowe avenue because it is level at the present grade, and we want a change that will make the street uneven by filling four feet at one point, and cutting two feet at another point. The truth of the matter is there is no real impediment at Thirty-sixth street or Lowe avenue."
